### **Training UK Industry**

#### **Course Objectives for N403 Vehicle Marshall**

It is envisaged that at the end of the course the learner will be able to answer questions on and perform the following:

- Have a basic understanding of the industry, the relevant legislation, the dangers of working in the industry and their responsibility as a vehicle marshal
- Have a knowledge of the manufacturer's handbook for the particular machine/vehicle to be guided
- Have a good understanding of signs and signals, approved hand signals and different forms of communication
- Identify and maintain PPE suitable for vehicle marshal use
- Conduct all necessary safety checks in the work area including stop blocks and tipping areas
- Set up an exclusion zone for unloading
- Guide machinery in a forward and reverse direction including confined spaces and "blind" areas safely and efficiently
- Environmental considerations
- Carry out all end of shift, shut down and parking procedures
